

HARVARD, YOU NOW HAVE TWO GREAT OPTIONS FOR YOUR DENTAL COVERAGE

Coverage begins
August 1, 2022.

Learn How to Enroll

Enrollment is not automatic. To learn more about rates, eligibility, and how to enroll, visit hushp.harvard.dental-coverage.

CHOOSE THE DENTAL PLAN THAT'S RIGHT FOR YOU

One plan doesn't always fit all. That's why we're happy to introduce Dental Blue® Preventive. Along with the Dental Blue comprehensive plan (Dental Blue® Program 2), you now have two great options to choose from this year.

PICK THE PLAN THAT'S RIGHT FOR YOU:

OPTION 1

DENTAL BLUE PREVENTIVE

Plan-Year Maximum Benefit: \$500/year

Cost: \$290/year*

Coverage for: Preventive benefits only

— OR —

OPTION 2

DENTAL BLUE COMPREHENSIVE

Plan-Year Maximum Benefit: \$1,500/year

Cost: \$528/year*

Coverage for: Preventive, Basic, and Major benefits

HOW TO FIND AN IN-NETWORK DENTIST

Both plans give you access to an extensive network of dentists. Over 90% of dentists in Massachusetts and Rhode Island participate in the Dental Blue® network, as well as several other dentists nationwide.

1. Go to bluecrossma.org.

2. Click **Find a Doctor** under **Find Care**.

3. Fill in all fields and enter **Dental Blue** for your network.

4. Click **Search**.

COMPARE YOUR PLAN OPTIONS

Use these tables to see which services each plan covers.

DENTAL BLUE PREVENTIVE

This plan only provides coverage for diagnostic and preventive care, such as routine cleanings. If you need emergency dental care or additional care, such as fillings and root canals, you'll be responsible for paying the full cost of those services.

Plan-Year Maximum Benefit: \$500/year
Cost: \$290/year*

Preventive Benefits

100% Coverage
No deductible

Diagnostic

- One complete initial oral exam, including initial dental history and charting of the teeth and supporting structures
- Full mouth X-rays, seven or more films, or panoramic X-ray with bitewing X-rays once each 60 months
- Bitewing X-rays twice per calendar year
- Single tooth X-rays as needed
- Study models and casts used in planning treatment once each 60 months
- Periodic or routine oral exams twice per calendar year
- Emergency exams

Preventive

- Routine cleaning, scaling, and polishing of the teeth twice per calendar year
- Fluoride treatment twice per calendar year (members under age 19)
- Sealants on permanent pre-molar and molar surfaces (members under age 14). Benefits are provided for one application per bicuspid or molar surface each 48 months.
- Space maintainers needed due to premature tooth loss (members under age 19)

*Cost is for a student-only plan. For more rates, visit hushp.harvard.dental-coverage.

DENTAL BLUE COMPREHENSIVE (DENTAL BLUE PROGRAM 2)

This is a good option if you want the most dental protection. In addition to diagnostic and preventive care, you'll receive additional coverage for basic and major services, such as fillings, crowns, and root canals.

Plan-Year Maximum Benefit: \$1,500/year
Cost: \$528/year*

Preventive Benefits
100% Coverage,
No deductible

Basic Benefits
60% Coverage

Major Benefits
40% Coverage

\$50 deductible/individual plan and \$150 deductible/family plan

Diagnostic

- One complete initial oral exam, including initial dental history and charting of the teeth and supporting structures
- Full mouth X-rays, seven or more films, or panoramic X-ray with bitewing X-rays once each 60 months
- Bitewing X-rays twice per calendar year
- Single tooth X-rays as needed
- Study models and casts used in planning treatment once each 60 months
- Periodic or routine oral exams twice per calendar year
- Emergency exams

Preventive

- Routine cleaning, scaling, and polishing of the teeth twice per calendar year
- Fluoride treatment twice per calendar year (members under age 19)
- Sealants on permanent pre-molar and molar surfaces (members under age 14). Benefits are provided for one application per bicuspid or molar surface each 48 months.
- Space maintainers needed due to premature tooth loss (members under age 19)

Restorative

- Amalgam (silver) fillings (limited to one filling for each tooth surface in a 12-month period)
- Composite resin (tooth color) fillings (limited to one filling for each tooth surface in a 12-month period)
- Pin retention for fillings
- Stainless steel crowns on baby teeth and on first permanent adult molars (members under age 16)

Oral Surgery

- Tooth extraction
- Root removal
- Biopsies

Periodontics (gum and bone)

- Periodontal scaling and root planing once per quadrant each 24 months
- Periodontal surgery once per quadrant each 36 months
- Periodontal maintenance following active periodontal therapy once each three months

Endodontics (roots and pulp)

- Root canal therapy (permanent teeth, once in a lifetime per tooth)
- Retreatment root canal therapy on permanent teeth, once in a lifetime for each tooth
- Therapeutic pulpotomy on primary or permanent teeth (members under age 16)
- Other endodontic surgery to treat or remove the dental root

Prosthetic Maintenance

- Repair of partial or complete dentures, crowns, and bridges once each 12 months
- Adding teeth to an existing complete or partial denture
- Rebase or relin of dentures once each 36 months
- Recementing of crowns, inlays, onlays, and fixed bridgework once each 12 months

Other Services

- Occlusal adjustments once each 24 months
- Services to treat root sensitivity
- Emergency dental care to treat acute pain or to prevent permanent harm to a member
- General anesthesia when administered in conjunction with covered surgical services

Prosthodontics (teeth replacement)

- Complete or partial dentures (including services to fabricate, measure, fit, and adjust them) once each 60 months for each arch
- Fixed bridges (including services to fabricate, measure, fit, and adjust them) once each 60 months for each tooth
- Replacement of dentures and bridges once each 60 months when the existing appliance can't be made serviceable
- Adding teeth to an existing bridge
- Temporary partial dentures to replace any of the six upper or six lower front teeth (only covered if they are installed immediately following the loss of teeth and during the period of healing)

Major Restorative (members age 16 or older)

- Crowns, once each 60 months for each tooth
- Metallic, porcelain, and composite resin inlays. Benefits are provided for an amalgam filling toward the cost of a metallic, porcelain, or composite resin inlay, once each 60 months for each tooth. You pay any balance.
- Metallic, porcelain, and composite resin onlays, once each 60 months for each tooth
- Replacement of crowns, once each 60 months for each tooth
- Replacement of metallic, porcelain, and composite resin inlays. Benefits are provided for an amalgam filling toward the cost of a metallic, porcelain, or composite resin inlay, once each 60 months for each tooth. You pay any balance.
- Replacement of metallic, porcelain, and composite resin onlays, once each 60 months for each tooth
- Post and core or crown buildup, once each 60 months for each tooth

Implants (members age 16 or older)

- Single tooth dental endosteal implants (the fixture and abutment portion) in addition to the allowance for the crown for the implant, once each 60-month period, when the implant replaces permanent teeth through the second molars

IMPORTANT INFORMATION ABOUT DENTAL BLUE PLANS

Your Benefits

The dental benefits your plan covers are subject to the plan-year benefit maximum amount shown in the chart. The chart also shows the percentage of costs your plan will pay for covered dental services. Many of the covered services have specific time or age limits. For more information, call Team Blue at 1-800-932-8323.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your plan description (and riders, if any) for exact coverage details.

Enhanced Dental Benefits

Enhanced Dental Benefits for certain dental care services are available for members who have been diagnosed with qualifying conditions. To learn more about qualifying conditions, visit bluecrossma.org, then go to **Dental** under **Learn & Save**.

How In-network Dentists Are Paid for Covered Services

Dentists who participate in the Dental Blue network submit claims directly to Blue Cross, and accept either the dentist's actual charge for covered services, or the maximum amount allowed by Blue Cross Blue Shield of Massachusetts, whichever is lower. If you exceed your plan-year maximum, your out-of-pocket cost for covered services won't exceed the allowed amount, but you'll be responsible for paying the dentist directly.

How Out-of-network Dentists Are Paid for Covered Services

Blue Cross will pay up to the allowed amount for covered services performed by an out-of-network dentist. You'll be responsible for the difference between the dentist's actual charge and the allowed amount. If you exceed your plan-year maximum, you'll be responsible for paying the full charge for services.

If you receive service from an out-of-network dentist, you'll need to submit a claim within two years of the date of the service. To submit a claim:

1. Contact Member Service at the number on your ID card, and ask for an Attending Dentist's Statement form
2. Have your dentist fill out the form
3. Send the completed form and your itemized bill to:

Blue Cross Blue Shield of Massachusetts
P. O. Box 986030
Boston, MA 02298

Other Information

Coordination of benefits applies to plan members who are covered by another plan for health care expenses. Coordination of benefits ensures that payments from other insurance or health care plans do not exceed the total charges billed for covered services.

Your plan description has a subrogation clause, which means that Blue Cross Blue Shield of Massachusetts can recover payments if a member has already been paid for the same claim by a third party.

Pre-Treatment Estimates (Comprehensive Plan only)

If your dentist expects that your dental treatment will involve covered services that will cost more than \$250, we recommend that your dentist send a copy of the "treatment plan" to Blue Cross before services are provided. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charge for each service. Once the treatment plan is reviewed, you and your dentist will be notified of the benefits available.

Remember, the payment estimate is based on your eligibility status and the amount of your plan-year benefit maximum at the time the estimates received and reviewed. (The actual payment may differ if your available plan-year benefit maximum or eligibility status has changed.)

Multi-Stage Procedures (Comprehensive Plan only)

Your dental plan provides benefits for multi-stage procedures (procedures that require more than one visit, such as crowns, dentures, and root canals) as long as you're enrolled in the plan on the date that the multi-stage procedure is completed. A participating dentist will send a claim for a multi-stage procedure to Blue Cross only after the completion date of the procedure. You'll be responsible for all charges for multi-stage procedures if your plan has been canceled before the completion date of the procedure.

ACCUMULATED MAXIMUM ROLLOVER

Oral health is a critical part of overall health. That's why we offer a dental benefit that will allow you to roll over a portion of your unused dental benefits from year to year. This means that you can accumulate benefit dollars to help offset higher out-of-pocket costs for complex procedures.

This benefit applies to you automatically if you:

Receive at least one service, including a routine checkup, during the benefit period

Remain a member of the plan throughout the benefit period

Do not exceed the claim payment threshold in the benefit period

HOW ACCUMULATED MAXIMUM ROLLOVER WORKS

Beginning 60 days after the last day of your benefit period, your rollover amount will be added to your maximum benefit amount, increasing it for you to use that year and beyond (see below for amounts and maximums). There's no cost to you, and you don't need to do anything.

You can use the chart below to determine the amount of benefit dollars that are eligible to roll over. If Blue Cross doesn't pay out more claims dollars on your behalf than the amount in the second column, your benefit maximum for the next year will increase by the amount in the third column.

In addition, your rollover amount keeps growing and is available for you to use for covered services as long as Harvard offers this rollover benefit. The last column will show you the maximum amount of additional benefit dollars you can earn. It's one more way Blue Cross is improving health care for all our members.

| Plans | If your dental plan's annual maximum benefit amount is: | And if your total claims don't exceed this amount for the benefit period: | We'll roll over this amount for you to use next year and beyond: | However, rollover totals will be capped at this amount: |
|---------------|---|---|--|---|
| Comprehensive | \$1,500 | \$700 | \$500 | \$1,250 |
| Preventive | \$500 | \$200 | \$150 | \$500 |
