2024 FORMULARY

(List of covered drugs)
3-tier

PLEASE READ: THIS DOCUMENT
CONTAINS INFORMATION ABOUT THE
DRUGS WE COVER IN THIS PLAN
23217, Version 11

This formulary was updated on 4/01/2024.
**Important Message About What You Pay
for Vaccines** — Our plan covers most Part D
vaccines at no cost to you. Call Member
Service for more information.

**Important Message About What You Pay
for Insulin** — You won't pay more than \$35
for a one-month supply of each insulin
product covered by our plan, no matter
what cost-sharing tier it's on.

For more recent information
or other questions, please contact
Blue Cross Blue Shield of Massachusetts
at **1-800-200-4255**, or, for TTY users, **711**,
from April 1 through September 30, 8:00 a.m.
to 8:00 p.m. ET, Monday through Friday,
and from October 1 through March 31,
8:00 a.m. to 8:00 p.m. ET, seven days a week,
or visit bluecrossma.com/medicare.

NOTE TO EXISTING MEMBERS:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this formulary (drug list) refers to “we,” “us,” or “our,” it means Blue Cross Blue Shield of Massachusetts. When it refers to “plan” or “our plan,” it means Medicare HMO Blue or Medicare PPO Blue.

This document includes a list of the drugs (formulary) for our plan, which is current as of 4/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/co-insurance may change on January 1, 2025, and from time to time during the year.

WHAT IS THE MEDICARE ADVANTAGE GROUP PLAN'S FORMULARY?

A formulary is a list of covered drugs selected by our Medicare Advantage Group Plans in consultation with a team of health care providers, that represents the prescription therapies believed to be a necessary part of a quality treatment program. Our Medicare HMO Blue or Medicare PPO Blue plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Medicare Advantage plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

CAN THE FORMULARY (DRUG LIST) CHANGE?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the drug list during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our drug list if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our drug list, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - » If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled "How do I request an exception to the Medicare Advantage Group Plan's Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration (FDA) deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary; or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits, and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

» If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Medicare Advantage Group Plan’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 Formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the drug list for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 4/01/2024. To get updated information about the drugs covered by our plans, please contact us. Our contact information appears on the front and back cover pages.

If we have a mid-year, non-maintenance formulary change, we will provide a notice in the monthly Explanation of Benefits and on our website, bluecrossma.com/medicare. You may ask for a copy of the most recent formulary by contacting us. Our contact information appears on the front and back cover pages.

HOW DO I USE THE FORMULARY?

There are two ways to find your drug within the formulary:

- **Medical Condition.** The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 68. Then look under the category name for your drug.
- **Alphabetical Listing.** If you are not sure what category to look under, you should look for your drug in the index that begins on page 68. The index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the index. Look in the index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the index and find the name of your drug in the first column of the list.

WHAT ARE GENERIC DRUGS?

Our plans cover both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

ARE THERE ANY RESTRICTIONS ON MY COVERAGE?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plans require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plans limit the amount of the drug that our plans will cover. For example, our plans provide up to 30 tablets per 30 days per prescription of Simvastatin 10 mg tablets. This may be in addition to a standard one-month or three-month supply.
- **Opioid Safety Edits:** For certain drugs or combinations of drugs, there may be a safety edit applied to prevent opioid overutilization. The safety edit on these medications may be cumulative with other similar, medications that you may be taking in the same class. A dosage adjustment by your physician or an exception may be required if you exceed the safety edit.
- **Step Therapy:** In some cases, our plans require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits, or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Medicare Advantage Group Plan's formulary?" on page 4 for information about how to request an exception.

WHAT IF MY DRUG IS NOT ON THE FORMULARY?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Service and ask if your drug is covered.

If you learn that your Medicare Advantage Group Plan does not cover your drug, you have two options:

- You can ask Member Service for a list of similar drugs that are covered by our plans. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plans.
- You can ask our plans to make an exception and cover your drug. See below for information about how to request an exception.

HOW DO I REQUEST AN EXCEPTION TO THE MEDICARE ADVANTAGE GROUP PLAN'S FORMULARY?

You can ask your Medicare Advantage Group Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover your drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plans limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our Medicare Advantage Group Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

WHAT SHOULD I DO BEFORE I CAN TALK TO MY DOCTOR ABOUT CHANGING MY DRUGS OR REQUESTING AN EXCEPTION?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover, or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you change your level of care, such as a move from a hospital to a home setting, and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover up to a temporary 30-day supply (or 31-day supply if you are a long-term care resident) when you go to a network pharmacy. After your first 30-day supply, you are required to use the plan's exception process.

Our transition supply will not cover drugs that Medicare does not allow Part D plans to cover, or drugs that might be covered under Medicare Part B.

FOR MORE INFORMATION

For more detailed information about your Medicare Advantage Group Plan's prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our Medicare Advantage Group Plans, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day/7 days a week. TTY users should call **1-877-486-2048**. Or, visit [medicare.gov](https://www.medicare.gov).

MEDICARE ADVANTAGE GROUP PLAN'S FORMULARY

The formulary that begins on page 8 provides coverage information about the drugs covered by our Medicare Advantage Group Plans. If you have trouble finding your drug in the list, turn to the index that begins on page 68.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., AMOXIL[®]) and generic drugs are listed in lower-case italics (e.g., *amoxicillin*).

The information in the Requirements/Limits column tells you if our plans have any special requirements for coverage of your drug.

The abbreviations you may see in the formulary (list of covered drugs) include:

Quantity Limits (QL): To help ensure that the quantity and dosage of your medications remain consistent with manufacturer, clinical, and FDA recommendations, we maintain a list of medications subject to QL. When you fill a prescription for a medication subject to QL, your prescription is reviewed for:

- **Dose Consolidation.** Dose consolidation checks to see whether you're taking two or more daily doses of medicine that could be replaced with one daily dose providing the same total amount of medication.
- **Recommended Monthly Dosing Level.** This process checks to see that your monthly dosage of medication is consistent with both the manufacturer's and the FDA's monthly dosing recommendations and clinical information. Your doctor can also apply for an exception to QL guidelines when medically necessary.
- **Non-Mail Order (NM):** These prescription drugs are not available through mail order.

Home Infusion (HI): This prescription drug may be covered under our medical benefit. For more information, call us. Our contact information appears on the front and back cover pages.

Medical Benefit (MB): These drugs and supplies are covered under your plan's medical benefit and are available through network retail pharmacies or mail order service.*

Prior Authorization (PA): These prescription drugs require prior authorization from the plan.

Step Therapy (ST): These prescription drugs require you to first try another drug to treat your medical condition.

Limited Pharmacy Availability (LA): This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call us. Our contact information appears on the front and back cover pages.

Medicare Part B or D (B/D): This prescription drug may be covered under Medicare Part B or D, depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

Non-Extended Day Supply (NEDS): In an effort to control drug costs, certain high-cost drugs will be limited up to a 30-day supply per fill.

*Coverage for diabetic test strips and blood glucose monitors at a participating retail or mail order pharmacy is limited to those listed on our formulary and provided at no cost to you. There is no coverage for other brand-name test strips and blood glucose monitors that are not listed on our formulary when purchased at a retail or mail order pharmacy.

NONDISCRIMINATION NOTICE

Blue Cross Blue Shield of Massachusetts complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity. It does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, sexual orientation, or gender identity.

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS PROVIDES:

- Free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print or other formats).
- Free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you need these services, contact the Medicare Advantage Appeals and Grievance Manager.

If you believe that Blue Cross Blue Shield of Massachusetts has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity, you can file a grievance with the Medicare Advantage Appeals and Grievance Manager by mail at P.O. Box 55007, Boston, MA 02205; phone at **1-800-200-4255** (TTY: **711**) from April 1 through September 30, 30, 8:00 a.m. to 8:00 p.m., Monday through Friday, or October 1 through March 31, 8:00 a.m. to 8:00 p.m., seven days a week; fax at **617-246-8506**; or email at **MedicareAdvantageRXAppeals@bcbsma.com**. You can file a grievance in person, by mail, fax, email, or you can call **1-800-200-4255** (TTY: **711**).

If you need help filing a grievance, the Medicare Advantage Appeals and Grievance Manager is available to help you.
