AN INTRODUCTION TO MEDEX

Medex, our Medicare supplement plan, can be added to Medicare Part A and Part B coverage to fill “gaps” in your Medicare coverage.

As a supplemental insurance plan, Medex helps cover health care expenses left over after Medicare has covered its portion of costs.

Two Plans to Choose From

Depending on which option you choose, Medex may cover most of Medicare cost-sharing amounts, or “gaps,” as well as some services not covered by Medicare. You’ll learn more about Medicare cost-sharing amounts in the next few pages.

We’ll also help you determine which Medex plan is right for you by explaining what each plan covers and comparing costs.

WHAT IS ORIGINAL MEDICARE?

Original Medicare is a federally funded health insurance plan. It’s designed for people age 65 or older and some disabled people under age 65.

ORIGINAL MEDICARE HAS TWO PARTS:

MEDICARE PART A
(HOSPITAL INSURANCE)

pays for inpatient hospital expenses.

MEDICARE PART B
(MEDICAL INSURANCE)

pays for outpatient hospital charges, doctor visits, and many other medical services not covered by Part A.

Services Covered:		Services Covered:	
Facility Care		Medical Expenses	
• Inpatient hospital care	• Hospice care	• Doctors’ services	• Ambulance trips
• Skilled nursing facility care	• Home health services	• Physical and speech therapy	• Durable medical equipment
		• Diagnostic tests	• Diabetic testing supplies

IMPORTANT: IF YOU HAVEN'T
ENROLLED IN MEDICARE, CONTACT
YOUR LOCAL SOCIAL SECURITY
OFFICE THREE MONTHS PRIOR
TO YOUR 65TH BIRTHDAY.

WHY DO I NEED TO SUPPLEMENT MEDICARE?

Although Medicare pays a large portion of your medical expenses, you're responsible for the remaining costs. Also, Medicare doesn't cover all medical services in all situations.

Expenses that aren't covered by Medicare are often referred to as "gaps." Medicare supplement ("Medigap") plans, like Medex, help to fill in these coverage gaps, such as:

- **You may have to pay deductible and co-insurance costs.** When Medicare covers a service, you often must pay for a portion of the cost. Your portion is referred to as a deductible or co-insurance. Deductibles are the amount you're responsible for before Medicare begins to pay, and they're subject to change from year to year. After your deductible is paid, you may need to pay an additional amount—usually 20 percent of the cost for the service, called co-insurance.
- **In most cases, Medicare doesn't cover you outside the United States, even in the event of an emergency.** Refer to the chart on page 6 for an illustration of Medicare coverage that's not supplemented with a Medex plan. The chart highlights Medicare's benefits, deductible, and co-insurance costs, and some of the services Medicare doesn't cover.

Refer to the charts on pages 7 through 11 for coverage when Medicare is combined with a Medex plan.

The Medicare benefits included in the charts on the following pages are effective January 1, 2023.

Medicare deductibles and co-insurances are subject to change each year.

MEDEX PLANS HAVE MANY ADVANTAGES

- You can get care from any Medicare physician or hospital throughout the United States.
- You don't need to choose a primary care provider (PCP).
- You don't need to get referrals for specialty care.
- There are no copayments for physician services.
- You can adjust your Medex coverage at any time during the year. Your coverage in the new plan will begin the first of the month following receipt of your request to change plans.
- Your Blue Cross Blue Shield of Massachusetts ID card is recognized around the world.

AM I ELIGIBLE FOR MEDEX?

You don't need to complete a health care screening to qualify for Medex coverage.

Note: If you're already covered by both Medicare and Medicaid, you may not need the additional coverage that Medex would provide. For more information, contact the Massachusetts Executive Office of Elder Affairs insurance counseling program at **1-800-882-2003**.
