

Advanced Control Specialty Formulary®

April 2023 Updates

Removals	Indication-Based
6	1

The following is a list of changes occurring for Blue Cross Blue Shield of Massachusetts' plan members who are covered by plans that use the Advanced Control Specialty Formulary.

Removals

After carefully reviewing each medication's cost and its clinically appropriate formulary options, we've removed the medications listed below from our formulary. However, a health care provider may request an exception if the medication prescribed is medically necessary. If the exception is approved, you may pay the highest-tier cost.

Drug Class	Removed Product(s)	Formulary Options
Antiretroviral Agents, Fusion Inhibitors	SELZENTRY**	maraviroc
Cancer, Miscellaneous*	TARGETIN**	bexarotene
Cardiovascular, Miscellaneous	NORTHERA**	midodrine
Cardiovascular, Pulmonary Arterial Hypertension*	TYVASO DPI	Talk to your doctor
Endocrine and Metabolic, Miscellaneous*	CARBAGLU**	carglumic acid
	CYSTADANE**	betaine

Indication-Based Strategy Updates

After carefully reviewing each medication's cost and its clinically appropriate formulary options, we've made updates to the preferred drug strategy.

Indication	Update
Non-Radiographic Axial Spondyloarthritis	RINVOQ added to preferred products

*Class has existing formulary exclusions. **Multi-source Brand Product.

This chart contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Health and/or its affiliates.

Removals and Indication-Based Strategy updates as of January 31, 2023 and effective April 1, 2023. Information subject to change.

CaremarkPCS Health, LLC ("CVS Caremark") is an independent company that has been contracted to administer pharmacy benefits and provide certain pharmacy services for Blue Cross Blue Shield of Massachusetts. CVS Caremark is part of the CVS Health family of companies. Blue Cross Blue Shield of Massachusetts is an Independent Licensee of the Blue Cross and Blue Shield Association.
