Who can join?

You can join this plan if you are entitled to Medicare Part A and/or enrolled in Medicare Part B, are a US citizen or are lawfully present in the United States and live in the service area which includes the United States and its territories (excluding the Virgin Islands).

If you are enrolled in a MA coordinated care (HMO or PPO) plan or a MA private fee-for-service (MA PFFS) plan that includes Medicare prescription drugs, you may not enroll in a prescription drug plan (PDP) unless you disenroll from the HMO, PPO or MA PFFS plan.

Enrollees in a private fee-for-service (PFFS) plan that does not provide Medicare prescription drug coverage or a MA Medical Savings Account (MSA) plan may enroll in a PDP. Enrollees in an 1876 Cost plan may enroll in a PDP. Please contact your local benefits administrator for more information.

Which drugs are covered?

You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our Document portal at: mds.memberdoc.com. Or, call us and we will send you a copy of the formulary.

How will I determine my drug costs?

Our plan groups each medication into one of 5 “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier, your out-of-pocket prescription costs to date and what stage of the benefit you have reached. Later in this document we discuss the benefit stages in your Medicare prescription drug coverage that occur after you meet your deductible: Initial Coverage, Coverage Gap, and Catastrophic Coverage. For more information about formulary tiers and stages of the benefit, please see the plan’s formulary and the Evidence of Coverage on our Document portal at: mds.memberdoc.com, or contact Customer Care at the number listed above.

Which pharmacies can I use?

We have a network of pharmacies and you must generally use these pharmacies to fill your prescriptions for covered Part D drugs.

You can see our plan’s pharmacy directory on our Document portal at: mds.memberdoc.com. Or, call us and we will send you a copy of the pharmacy directory.

SUMMARY OF BENEFITS

Prescription Drug Benefits

The benefits described below are offered by Blue MedicareRx, a standard Medicare Part D plan supplemented with benefits provided by your former employer.

--------------	--

Catastrophic Coverage	After your yearly out-of-pocket drug costs reach \$7,400, you pay the greater of:
Generic (including brand drugs treated as generic)	\$4.15 or 5%
All other Drugs	\$10.35 or 5%

1 All covered drugs are on the Blue MedicareRx group formulary/drug list.

2 Available at retail pharmacies that have agreed to allow members to fill 90-day supplies of their prescriptions.

3 Specialty drugs are limited to a one-month supply per fill.

GENERAL INFORMATION

In some cases, the plan requires you to first try one drug to treat your medical condition before they will cover another drug for that condition.

Certain prescription drugs will have maximum quantity limits.

Your provider must get prior authorization from Blue MedicareRx for certain prescription drugs.

Covered Part D drugs are available at out-of-network pharmacies in special circumstances as long as the pharmacy is located within the United States and its territories (excluding the Virgin Islands). For examples of what would qualify as special circumstances, refer to the Evidence of Coverage (EOC). Your copayment and/or coinsurance at out-of-network pharmacies is the same as at network pharmacies and depends on whether you purchase a Preferred Generic, Generic, Preferred Brand, Non-Preferred or Specialty drug.

Medicare considers drugs which cost more than \$830 for a one month supply to be specialty drugs.

Medicare Coverage Gap Discount Program

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs to Part D enrollees who have reached year-to-date “total drug costs” of \$4,660 and are not already receiving “Extra Help.” For branded drugs, the 75% discount provided by manufacturers excludes any dispensing fee for costs in the gap. The enrollee would pay the dispensing fee on the portion of the cost, which is paid by the plan (5% in 2023).

If you have reached year-to-date “total drug costs” of \$4,660, we will automatically apply the discount when your pharmacy bills you for your prescription and your Explanation of Benefits (EOB) will show any discount provided. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid this amount and move you through the coverage gap. The amount paid by the plan (5%) does not count toward your out-of-pocket costs.

You also receive some coverage for generic drugs. If you have reached year-to-date “total drug costs” of \$4,660, the plan pays 75% of the price for generic drugs and you pay the remaining 25% of the price. The coverage for generic drugs works differently than the 75% discount for brand name drugs. For generic drugs, the amount paid by the plan (75%) does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap. Also, the dispensing fee is included as part of the cost of the drug.

If you have any questions about the availability of discounts for the drugs you are taking or about the Medicare Coverage Gap Discount Program in general, please contact Customer Care.
