

# MAINTENANCE MEDICATION LIST

## For plans that use the:

- Blue Cross Blue Shield of Massachusetts Formulary
- Standard Control with Advanced Control Specialty Formulary

## THE PHARMACY THAT COMES TO YOU AND SAVES YOU MONEY

With the mail service pharmacy, most maintenance medications can be automatically refilled and shipped every 90 days at a lower cost.\*

To start, download the MyBlue app, or create an account at [bluecrossma.org](https://bluecrossma.org). Once signed in, click **Pharmacy Benefit Manager** under **My Medications**, then go to **Start Rx Delivery by Mail** under the **Prescriptions** tab. You can also call CVS Customer Care at **1-877-817-0477 (TTY: 711)**.

\*Not all medications are available through the mail service pharmacy. Check your plan details to see if the mail service pharmacy is included with your plan.

# COVERED MAINTENANCE MEDICATIONS

The following list includes maintenance medications, which are also known as long-term medications. These medications are used to treat chronic or ongoing conditions.

This isn't a complete list of covered medications, and inclusion on this list doesn't guarantee coverage.<sup>1</sup> You must have a valid prescription from a licensed health provider to receive coverage for these medications. Some medications may also be subject to pharmacy management programs, such as Step Therapy, Prior Authorization, or Quality Care Dosing, or have other coverage requirements.

**NOTE: Some medications on this list may be considered non-covered, including new medications under review by Blue Cross. Your doctor may request an exception for a non-covered medication when medically necessary.<sup>2</sup>**

## WHERE TO FILL MAINTENANCE MEDICATIONS

Members are required to fill maintenance medications on this list at an in-network pharmacy. If your plan includes Maintenance Choice All Access, Maintenance Choice Voluntary, Mandatory Mail, or Mail Order with Retail Choice Program, you may be required to switch your prescription to a 90-day supply and fill it at a CVS Pharmacy<sup>®</sup> retail location, or through the mail service pharmacy.

### Learn More About Your Coverage

For more information about coverage for these medications, sign in to MyBlue at [bluecrossma.org](https://bluecrossma.org) or open the MyBlue app, then go to **Medication Lookup Tool** under **My Medications**.

If you're not a member, you can get more information by visiting [bluecrossma.org/medication](https://bluecrossma.org/medication).

1. Not all medications listed are covered by all prescription plans. Check your benefit materials for details.

2. If approved, you'd pay the highest-tier cost.
