# BRAND-NAME INSULINS THAT ARE COVERED AT A LOWER COST

You may be eligible to fill the medications on this list at a lower cost if your plan includes the benefit to cover insulins at a fixed cost. The insulins can be purchased at an in-network retail pharmacy, or through the mail service pharmacy. If you have a Health Savings Account (HSA)-qualified "Saver" plan,<sup>1</sup> the deductible is waived when you purchase these medications.<sup>2</sup>

This isn't a complete list of covered medications, and inclusion on this list doesn't guarantee coverage.<sup>3</sup> You must have a valid prescription from a licensed health provider to receive coverage for these medications. Some medications may also be subject to pharmacy management programs, such as Step Therapy, Prior Authorization, or Quality Care Dosing, or have other coverage requirements.

**NOTE: Some medications on this list may be considered non-covered, including new medications under review by Blue Cross. Your doctor may request an exception for a non-covered medication when medically necessary.<sup>4</sup>**

2. Some employers may also exempt the copayment or co-insurance. Check your benefit materials for details.

3. Not all medications listed are covered by all prescription plans. Check your benefit materials for details.

4. If approved, you'd pay the highest-tier cost.
